Resolution:

Case 1:

Independent Auditors' Report

Dear the Board of Directors and Shareholders of De Licacy Industrial Co., Ltd.

Opinion

We have audited the accompanying financial statements of De Licacy Industrial Co., Ltd. (the "De Licacy Group"), which comprise the individual balance sheets as of December 31, 2021 and 2020, and the individual statements of comprehensive income, individual statements of changes in equity and individual statements of cash flows for the years then ended, and the notes to the individual financial statements, including a summary of significant accounting policies.

In our opinion, which is based on our and other accountants' auditing results (please refer other matters section) and accompanying financial statements present fairly, in all material respects, the financial position of the De Licacy Group as of December 31, 2021 and 2020, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards ("IFRS"), International Accounting Standards ("IAS"), Interpretations of IFRS ("IFRIC"), and Interpretations of IAS ("SIC") endorsed by the Financial Supervisory Commission ("FSC") of Taiwan, the Republic of China ("ROC").

Basis of Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the ROC. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Corporation in accordance with The Norm of Professional Ethics for Certified Public Accountant of the ROC, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2021. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The descriptions of the key audit matter of the 2021 individual financial statements of the De Licacy Group are as follows:

Authenticity of revenue recognition

The De Licacy Group's operating income were from the major customers. Due to the significant changes in revenue of some major customers this year, it is considering that the revenue recognition inherently carries a higher risk of fraud and the management may be under pressure to achieve expected financial goals..

The authenticity of revenue recognition from some of major customers is listed as a key audit item. Please refer to the Individual Financial Report Note 4(14) for the explanation of revenue recognition policy.

The accountants had performed major auditing procedures to the sales revenue from some of the major customers, which are as follows:

- 1. Understand and test the effectiveness of the design and implementation of the internal sales cycle control system.
- 2. Select samples from the sales details of some of the above-mentioned major customers, verify their purchase orders, pro forma invoices, export declarations and other relevant

documents to confirm whether the control rights of the goods had been truly transferred and the obligations had been performed, and check whether there are significant abnormalities between the sales objects and the payers to confirm the authenticity of the sales revenue.

Other Matters

The financial statements included in the individual financial statements of Deloitte Touche Tohmatsu, Inc. and its investee company, ERA NOUVEAU International Co., Ltd. ("ERA NOUVEAU"). Accordingly, our opinion on the individual financial statements referred to above, which relates to the amount of the aforementioned investment and its comprehensive income and loss, was based on the audited reports of other auditors. The above investments accounted for by the equity method amounted to \$9,395,000 and \$46,459,000 as of December 31, 2021 and 2020 respectively, both representing less than 1% of the total individual assets. The individual loss recognized under the equity method amounted to \$3,572,000 and \$50,314,000 for the years ended December 31, 2021 and 2020, respectively, which accounted for (6%) and 21% of the individual total profit or loss.

Management's and Governance's Responsibility for the Individual Financial Statments

Management's responsibility is to prepare individual financial statements in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, and Interpretations and Interpretations issued by the Financial Supervisory Commission, and to maintain such internal control relevant to the preparation of individual financial statements as is necessary to enable the preparation of individual financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the individual financial statements, management's responsibility also includes assessing the ability of the Group to continue as a going concern, the disclosure of related matters, and the adoption of the going concern basis of accounting, unless management intends to liquidate the Group or cease operations, or there is no practical alternative to liquidation or discontinuation of operations.

The governance unit (Audit Committee) of the Group has the responsibility for overseeing the financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the ROC will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit performed in accordance with auditing standards generally accepted in the ROC, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. We have obtained sufficient and appropriate auditing evidence of the financial information of the constituted entities of the Company to express our opinions on the individual financial statements. We are responsible for the guidance, supervision and execution of the Company's audits and we are responsible for providing auditing opinions with the Company.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the 2021 financial statements and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Dear the Board of Directors and Shareholders of De Licacy Industrial Co., Ltd.

Opinion

We have audited the accompanying financial statements of De Licacy Industrial Co., Ltd and its subsidiaries (the "De Licacy Group"), which comprise the consolidated balance sheets as of December 31, 2021 and 2020, and the consolidated statements of comprehensive income, consolidated changes in equity and consolidated cash flows for the years then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, which is based on our and other accountants' auditing results (please refer other matters section) and accompanying consolidated financial statements present fairly, in all material respects, the financial position of the De Licacy Group as of December 31, 2021 and 2020, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards ("IFRS"), International Accounting Standards ("IAS"), Interpretations of IFRS ("IFRIC"), and Interpretations of IAS ("SIC") endorsed by the Financial Supervisory Commission ("FSC") of Taiwan, the Republic of China ("ROC").

Basis of Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the ROC. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Corporation in accordance with The Norm of Professional Ethics for Certified Public Accountant of the ROC, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2021. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The descriptions of the key audit matter of the 2021 consolidated financial statements of the De Licacy Group are as follows:

Authenticity of revenue recognition

The De Licacy Group's operating income were from the major customers. Due to the significant changes in revenue of some major customers this year, it is considering that the revenue recognition inherently carries a higher risk of fraud and the management may be under pressure to achieve expected financial goals. The authenticity of revenue recognition from some of major customers is listed as a key audit item. Please refer to the Consolidated Financial Report Note 4(17) for the explanation of revenue recognition policy.

The accountants had performed major auditing procedures to the sales revenue from some of the major customers, which are as follows:

- 1. Understand and test the effectiveness of the degin and implementation of the internal sales cycle control system.
- 2. Select samples from the sales details of some of the above-mentioned major customers, verify their purchase orders, pro forma invoices, export declarations and other relevant

documents to confirm whether the control rights of the goods had been truly transferred and the obligations had been performed, and check whether there are significant abnormalities between the sales objects and the payers to confirm the authencity of the sales revenue.

Other Matters

The consolidated financial statements included in the consolidated financial statements of Deloitte Touche Tohmatsu, Inc. and its investment in ERA NOUVEAU International Co., Ltd. ("ERA NOUVEAU"). Accordingly, our opinion on the consolidated financial statements referred to above, which relates to the amount of the aforementioned investment and its share of other comprehensive income accounted for using equity method, were based on the audited reports of other auditors. The above investments accounted for by the equity method amounted to \$9,395,000 and \$46,459,000 as of December 31, 2021 and 2020, respectively, both representing less than 1% of the total consolidated assets. The consolidated loss recognized under the equity method amounted to \$3,572,000 and \$50,314,000 for the years ended December 31, 2021 and 2020, respectively, which accounted for (6%) and 22% of the consolidated total profit or loss.

De Licacy Industrial Co., Ltd. has prepared its individual financial statements for the years ended December 31, 2020 and 2019, and we have issued an unqualified audit report, with additional qualifications for reference.

Management's and Governance's Responsibility for the Consolidated Financial Statements

Management's responsibility is to prepare consolidated financial statements in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, and Interpretations and Interpretations issued by the Financial Supervisory Commission, and to maintain such internal control relevant to the preparation of consolidated financial statements as is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management's responsibility also includes assessing the ability of the Group to continue as a going concern, the disclosure of related matters, and the adoption of the going concern basis of accounting, unless management intends to liquidate the Group or cease operations, or there is no practical alternative to liquidation or discontinuation of operations.

The governance unit (Audit Committee) of the Group has the responsibility for overseeing the financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the ROC will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit performed in accordance with auditing standards generally accepted in the ROC, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a

basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Corporation to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. We have obtained sufficient and appropriate auditing evidence of the financial information of the constituent entities of the Group to express our opinions on the consolidated financial statements. We are responsible for the guidance, supervision and execution of the Group's audits and we are responsible for providing auditing opinions with the Group.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the 2021 financial statements and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Resolution:

Case 3:

Cause of action: The company's Capital reserve cash distribution case, please referendum.

- Explanation:1. In accordance with Article 241 of the Company Act, it is proposed to use the "surplus from the issuance of shares in excess of the par value"-Capital reserve for the issuance of stock premium, and shareholders will receive a cash dividend of NT\$0.25 per share in proportion to their holdings, and the total amount is NT\$96,141,413.
 - 2. The base date for the allotment of cash dividends and related matters concerning the distribution of cash dividends shall be determined by the board of directors by authorizing the board of directors to decide upon the resolution of this case by the shareholders' meeting.
 - 3. The calculation method is unconditionally rounded down if the cash dividend is less than NT\$1, and the remaining cash dividend amount is transferred to the employee welfare committee of the company.
 - 4. The number of cash dividend distribution is calculated based on the number of outstanding shares of 384,565,652 shares. If subsequent changes in the company's share capital affect the number of outstanding shares, resulting in changes in the shareholder's dividend rate, it is proposed to request the shareholders' meeting to authorize the chairman of the board to deal with them in full powers.
 - 5. For allotment matters, such as changes in laws or regulations, amendments ordered by the competent authority, or amendments due to the objective circumstances, it is proposed to request the shareholders' meeting to authorize the chairman of the board to deal with them in full powers in accordance with the law.

DE LICACY INDUSTRIAL CO., LTD.

Chairman: Ye Jiaming

DE LICACY INDUSTRIAL CO., LTD. Rules of Procedure for Shareholders Meetings

Passed by the 2020 regular shareholders meeting (2021.07.28)

- Article 1: The rules of procedures for this Corporation's shareholders' meetings, except as otherwise provided by law, regulation, or the articles of incorporation, shall be as provided in these Rules.
- Article 2: The preparation of documents such as the attendance book, meeting handbook and annual report This Corporation shall furnish shareholders and their proxies (collectively,

"shareholders") with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

This Corporation shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of directors, preprinted ballots shall also be furnished.

Shareholders shall attend shareholders' meetings based on attendance cards, sign-in cards, or other certificates of attendance. Solicitors soliciting proxy forms shall also bring identification documents for verification.

- Article 3: 1. The convening of shareholders' meetings shall notify each shareholder before 30 days. For shareholders who hold the registered share, it may be done by means of a public announcement made through the MOPS before 30 days; The shareholder's temporary meeting should be notified before 15 days, and for shareholders who hold the registered share, it may be done by means of a public announcement made through the MOPS before 15 days
 - 2.Election or dismissal of directors or supervisors, amendments to the articles of incorporation, reduction of capital, application for the approval of ceasing its status as a public company, approval of competing with the company by directors, surplus profit distributed in the form of new shares, reserve distributed in the form of new shares, the dissolution, merger, or demerger of the corporation, or any matter under Article 185, paragraph 1, <u>Article 26-1</u>, <u>Article 43-6 of the Securities Exchange Law</u>, <u>Article 56-1 and Article 60-2 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers shall be set out and the essential contents explained in the notice of the reasons for convening the shareholders meeting. None of the above matters may be raised by an extraordinary motion; the essential contents may be posted on the website designated by the competent authority in charge of securities affairs or the corporation, and such website shall be indicated in the above notice.</u>
 - 3.A shareholder holding one percent or more of the total number of issued shares may submit to this Corporation a written proposal for discussion at a regular shareholders meeting. The number of items so proposed, however, is limited to one only, and no proposal containing more than one item will be included in the meeting agenda, provided a shareholder

proposal for urging the corporation to promote public interests or fulfill its social responsibilities may still be included in the agenda by the board of directors. In addition, when the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the board of directors may exclude it from the agenda.

- 4.Prior to the book closure date before a regular shareholders meeting is held, this Corporation shall publicly announce its acceptance of shareholder proposals in writing or electronically, and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.
- 5.Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the regular shareholders meeting and take part in discussion of the proposal.
- 6.Prior to the date for issuance of notice of a shareholders meeting, this Corporation shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this article. At the shareholders meeting the board of directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.
- Article 4: The principle of holding a shareholder meeting place and time The location of the Company's shareholder will be held in the place of the company or the place which is convenient for shareholders that is suitable for the shareholders' meeting. The beginning of the meeting shouldn't be earlier than 9 o'clock in the morning or after three pm.
- Article 5: Chairman of the Shareholders, attendees
 - 1. Unless otherwise provided by law or regulation, this Corporation's shareholders meetings shall be convened by the board of directors; If a shareholders meeting is convened by a party with power to convene but other than the board of directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.
 - 2. If a shareholders meeting is convened by the board of directors, the meeting shall be chaired by the chairperson of the board. When the chairperson of the board is on leave or for any reason unable to exercise the powers of the chairperson, its agent is handled in accordance with the third paragraph of Article 208 of the Company Act.
 - 3. There should be more than over half of the directors to participate in the shareholders' meeting convened by the board of directors.
 - 4. This Corporation may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders meeting in a non-voting capacity.

Article 6: 1. For each shareholders meeting, a shareholder may appoint a proxy to attend

the meeting by providing the proxy form issued by this Corporation and stating the scope of the proxy's authorization.

- 2.A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders meeting, and shall deliver the proxy form to this Corporation before five days before the date of the shareholders meeting. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment.
- 3.After a proxy form has been delivered to this Corporation, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to this Corporation before two business days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.
- 4. When this Corporation holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that this Corporation avoid the submission of extraordinary motions and amendments to original proposals.
- 5.A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to this Corporation before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to this Corporation, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail.

When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Article 7: Documentation of a Shareholders Meeting by Audio or Video

This Corporation shall make an uninterrupted audio and video recording of the proceedings of the shareholders meeting. The recorded materials shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant

to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

- Article 8: 1. Attendance at shareholders' meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards.
 - 2. The chair shall call the meeting to order at the appointed meeting time. <u>At</u> the same time, relevant information such as the number of non-voting rights and the number of shares present will be announced. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned.
 - 3. If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within one month.
 - 4. When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.
- Article 9: Discussion of Proposals
 - 1.If a shareholders meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. Votes shall be cast on each separate proposal in the agenda (including extraordinary motions and amendments to the original proposals set out in the agenda). The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.
 - 2. The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the board of directors.
 - 3. The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting.
 - 4.If the chair declares the meeting adjourned in violation of the rules of rocedure, the other members of the board of directors shall electing a new chair, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.
- Article 10: Shareholder speech
 - 1.Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak

will be set by the chair.

- 2.A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.
- 3.Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.
- 4. When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor; the chair shall stop any violation.
- 5. When the government or juristic person is a shareholder, its representative is not limited to one person. When the juristic person was attended by the shareholder meeting, the juristic person can only assign a representative of one person. When a juristic person shareholder appoints two or more representatives to attend a shareholders meeting, only one of the representatives so appointed may speak on the same proposal.
- 6.After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.
- Article 11: Election of directors
 - 1. The election of directors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by this Corporation, and the voting results shall be announced on-site immediately, including the names of those elected as directors and the numbers of votes with which they were elected.
 - 2. The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.
- Article 12: The Meeting Minutes
 - 1.Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.
 - 2. This Corporation may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.
 - 3. The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors or supervisors. The minutes shall be retained for the duration of the existence

of this Corporation.

- 4. The resolution method in the preceding paragraph is based on the chairman's consultation with shareholders. If the shareholders have no objection to the proposal, it should be stated that "Approved without objection after the chairman consulted all the shareholders present"; However, if shareholders disagree with the proposal and put it to the vote, the method of voting and the number of voting rights and the ratio of the number of voting rights should be stated.
- 5. The minutes of the shareholders' meeting shall be kept permanently during the company's existence, and the company should disclose it when the company has a website.

Article 13: Public disclosure

- 1.On the day of a shareholders meeting, this Corporation shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation and the number of shares represented by proxies, and shall make an express disclosure of the same at the place of the shareholders meeting.
- 2.If matters put to a resolution at a shareholders meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation regulations, this Corporation shall upload the content of such resolution to the MOPS within the prescribed time period.
- Article 14: Discussion of proposals

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed, call for a vote, and schedule sufficient time for voting.

- Article 15: Calculation of voting shares and recusal system
 - 1.Voting at a shareholders meeting shall be calculated based on the number of shares.
 - 2.With respect to resolutions of shareholders' meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.
 - 3. When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of this Corporation, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.
 - 4. The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.
 - 5. With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting

rights represented by that proxy may not exceed three percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

- Article 16: 1.A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.
 - 2.Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of this Corporation. Vote counting shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting shall be announced on-site at the meeting, and a record made of the vote.
- Article 17: Recess and resumption of a shareholders meeting
 - 1. When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.
 - 2.If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.
 - 3.A resolution may be adopted at a shareholders meeting to defer or resume the meeting within five days in accordance with Article 182 of the Company Act.
- Article 18: 1. Except as otherwise provided in the Company Act and in this Corporation's articles of incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders.
 - 2. The proposal is approved by the chairman in consultation with all shareholders present who have no objections, and its effect is the same as that passed by voting; if there are objections, the voting shall be adopted in accordance with the provisions of the preceding paragraph.
- Article 19: When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.
- Article 20: Maintaining order at the meeting place
 - 1. Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.

- 2. The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband.
- 3. At the place of a shareholders meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by this Corporation, the chair may prevent the shareholder from doing so.
- 4. When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.
- Article 21: For undecided matters in this rule, the company Act and the relevant rules of procedure promulgated by the competent authority shall apply.
- Article 22: These Rules shall take effect after having been submitted to and approved by a shareholders meeting. Subsequent amendments thereto shall be effected in the same manner.

Article 8

Acquisition or disposal of assets:

- 1. In acquiring or disposing of real estate, equipment:
 - In acquiring or disposing of real estate, equipment or <u>right-of-use assets</u> thereof where the transaction amount reaches 20 percent of the company's paid-in capital or NT\$300 million or more, the company, unless transacting with a domestic government agency, engaging others to build on its own land, engaging others to build on rented land, or acquiring or disposing of equipment or <u>right-of-use assets</u> thereof held for business use, shall obtain an appraisal report prior to the date of occurrence of the event from a professional appraiser and shall further comply with the following provisions:
 - A. Where due to special circumstances it is necessary to give a limited price, specified price, or special price as a reference basis for the transaction price, the transaction shall be submitted for approval in advance by the board of directors; <u>the same</u> procedure shall also be <u>followed</u> whenever there is any subsequent change to the terms and conditions of the transaction.
 - B. Where the transaction amount is NT\$1 billion or more, appraisals from two or more professional appraisers shall be obtained.
 - C. Where any one of the following circumstances applies with respect to the professional appraiser's appraisal results, unless all the appraisal results for the assets to be acquired are higher than the transaction amount, or all the appraisal results for the assets to be disposed of are lower than the transaction amount, a certified public accountant shall be engaged to perform the appraisal in accordance with the provisions of Statement of Auditing Standards No. 20 published by the ROC Accounting Research and Development Foundation (ARDF) and render a specific opinion regarding the reason for the discrepancy and the appropriateness of the transaction price:
 - (1) The discrepancy between the appraisal result and the transaction amount is 20 percent or more of the transaction amount.
 - (2) The discrepancy between the appraisal results of two or more professional appraisers is 10 percent or more of the transaction amount.
 - D. No more than 3 months may elapse between the date of the appraisal

report issued by a professional appraiser and the contract execution date; provided, where the publicly announced current value for the same period is used and not more than 6 months have elapsed, an opinion may still be issued by the original professional appraiser.

2. Acquisition or disposal of securities:

The company acquiring or disposing of securities shall, prior to the date of occurrence of the event, obtain financial statements of the issuing company for the most recent period, certified or reviewed by a certified public accountant, for reference in appraising the transaction price, and if the dollar amount of the transaction is 20 percent of the company's paid-in capital or NT\$300 million or more, the company shall additionally engage a certified public accountant prior to the date of occurrence of the event to provide an opinion regarding the reasonableness of the transaction price. If the CPA needs to use the report of an expert as evidence, the CPA shall do so in accordance with the provisions of Statement of Auditing Standards No. 20 published by the ARDF. This requirement does not apply, however, to publicly quoted prices of securities that have an active market, or where otherwise provided by regulations of the Financial Supervisory Commission (FSC).

For Securities which is obtained in cash by established placement or private placement, or obtained by placement where the issuing company engaging in the subscription through cash capital increase as by par value, or obtained by investee company where 100 percent owned by the company to engage in subscription through cash capital increase the as bv par value. reasonableness of the transaction price is free from the opinion by accountants. 3. Acquisition or disposal of intangible assets or right-of-use assets or membership:

Where the company acquires or disposes of intangible assets <u>or right-of-use assets thereof or memberships</u> and the transaction amount reaches 20 percent or more of paid-in capital or NT\$300 million or more, except in transactions with a <u>domestic</u> government agency, the company shall engage a certified public accountant prior to the date of occurrence of the event to render an opinion on the reasonableness of the transaction price; the CPA shall comply with the provisions of Statement of Auditing Standards No. 20 published by the ARDF.

4. The calculation of the transaction amounts referred to in the preceding three articles shall be done in accordance with Article 30, paragraph 2 of "Regulations Governing the Acquisition and Disposal of Assets by Public Companies", and "within the preceding year" as used herein refers to the year preceding the date of occurrence of the current transaction. Items for which an appraisal report from a professional appraiser or a CPA's opinion has been obtained need not be counted toward the transaction amount.

5. Acquisition or disposal of assets through court auction procedures:

Where the company acquires or disposes of assets through court auction procedures, the evidentiary documentation issued by the court may be substituted for the appraisal report or CPA opinion.

Article 9

Trading with a related party:

- 1. When the company engages in any acquisition or disposal of assets from or to a related party, in addition to ensuring that the necessary resolutions are adopted and the reasonableness of the transaction terms is appraised, if the transaction amount reaches 10 percent or more of the company's total assets, the company shall also obtain an appraisal report from a professional appraiser or a CPA's opinion in compliance with the provisions of this Procedure. The calculation of the transaction amount referred to in the preceding paragraph shall be made in accordance with paragraph 4 of preceding Article herein. When judging whether a transaction counterparty is a related party, in addition to legal formalities, the substance of the relationship shall also be considered.
- 2. When the company intends to acquire or dispose of real estate (regardless of amount) or right-of-use assets thereof from or to a related party, or when it intends to acquire or dispose of assets other than real estate or right-of-use assets thereof from or to a related party and the transaction amount reaches 20 percent or more of paid-in capital, 10 percent or more of the company's total assets, or NT\$300 million or more, except in trading of domestic government bonds or bonds under repurchase and resale agreements, or subscription or redemption of money market funds issued by domestic securities investment trust enterprises, the company may not proceed to enter into a transaction contract or make a payment until the following matters have been recognized by the audit committee and approved by the board of directors:
 - A. The purpose, necessity and anticipated benefit of the acquisition or disposal of assets.
 - B. The reason for choosing the related party as a transaction counterparty.
 - C. With respect to the acquisition of real estate or right-of-use assets thereof from a related party, information regarding appraisal of the reasonableness of the preliminary transaction terms in accordance with regulations.
 - D. The date and price at which the related party originally acquired the real estate, the original transaction counterparty, and that transaction counterparty's relationship to the company and the related party.
 - E. Monthly cash flow forecasts for the year commencing from the anticipated month of signing of the contract, and evaluation of the necessity of the transaction, and reasonableness of the funds utilization.
 - F. An appraisal report from a professional appraiser or a CPA's opinion obtained in compliance with the preceding article.
 - G. Restrictive covenants and other important stipulations associated with the transaction.

The calculation of the transaction amounts referred to in the preceding paragraph shall be made in accordance with Article 30, paragraph 2 of "Regulations Governing the Acquisition and Disposal of Assets by Public Companies", and "within the preceding year" as used herein refers to the year preceding the date of occurrence of the current transaction. Items that have been recognized by the audit committee and approved by the board of directors need not be counted toward the transaction amount.

With respect to the types of transactions listed below, when to be conducted between the company and its subsidiaries, or between its subsidiaries in which it directly or indirectly holds 100 percent of the issued shares or authorized capital, the company's board of directors may delegate the board chairman to decide such matters when the transaction is within amount of NT\$300 million and have the decisions subsequently submitted to and ratified by the next board of directors meeting:

- A. Acquisition or disposal of equipment or right-of-use assets thereof held for business use.
- B. Acquisition or disposal of real estate right-of-use assets held for business use.

When a matter is submitted for discussion by the board of directors pursuant to preceding paragraph, the board of directors shall take into full consideration each independent director's opinions. If an independent director objects to or expresses reservations about any matter, it shall be recorded in the minutes of the board of directors meeting.

When a matter is submitted to the board of directors pursuant to regulations, it shall first be approved by one-half or more of all audit committee members and then submitted to the board of directors for a resolution, and shall be subject to mutatis mutandis application of Article 7, paragraphs 3.

- 3. The company that acquires real estate or right-of-use assets thereof from a related party shall evaluate the reasonableness of the transaction costs by the following means:
 - A. Based upon the related party's transaction price plus necessary interest on funding and the costs to be duly borne by the buyer. "Necessary interest on funding" is imputed as the weighted average interest rate on borrowing in the year the company purchases the property; provided, it may not be higher than the maximum non-financial industry lending rate announced by the Ministry of Finance.
 - B. Total loan value appraisal from a financial institution where the related party has previously created a mortgage on the property as security for a loan; provided, the actual cumulative amount loaned by the financial institution shall have been 70 percent or more of the financial institution's appraised loan value of the property and the period of the loan shall have been 1 year or more. However, this shall not apply where the financial institution is a related party of one of the transaction counterparties.
- 4. Where land and structures thereupon are combined as a single property purchased or leased in one transaction, the transaction costs for the land and the structures may be separately appraised in accordance with either of the means listed in the preceding paragraph.
- 5. The company that acquires real estate or right-of-use assets thereof from a related party and appraises the cost of the real estate or right-of-use assets thereof in accordance with the Paragraph 3and 4 shall also engage a CPA to check the appraisal and render a specific opinion.
- 6. Where the company acquires real estate or right-of-use assets thereof from a related party and one of the following circumstances exists, the acquisition shall be conducted in accordance with the preceding Article 2, and Paragraph 3 and 4 do not apply:

- A. The related party acquired the real estate or right-of-use assets thereof through inheritance or as a gift.
- B. More than 5 years will have elapsed from the time the related party signed the contract to obtain the real estate or right-of-use assets thereof to the signing date for the current transaction.
- C. The real estate is acquired through signing of a joint development contract with the related party, or through engaging a related party to build real estate, either on the company's own land or on rented land.
- D. The real estate right-of-use assets for business use are acquired by the company with its subsidiaries, or by its subsidiaries in which it directly or indirectly holds 100 percent of the issued shares or authorized capital.
- 7. When the company acquires or disposes of real estate from or to a related party, when the results of the company's appraisal conducted in accordance with regulations are uniformly lower than the transaction price, the matter shall be handled in compliance with Article 8. However, where the following circumstances exist, objective evidence has been submitted and specific opinions on reasonableness have been obtained from a professional real property appraiser and a CPA have been obtained, this restriction shall not apply:
 - A. Where the related party acquired undeveloped land or leased land for development, it may submit proof of compliance with one of the following conditions:
 - (1) Where undeveloped land is appraised in accordance with the means in Article 3 to 6, and structures according to the related party's construction cost plus reasonable construction profit are valued in excess of the actual transaction price. The "Reasonable construction profit" shall be deemed the average gross operating profit margin of the related party's construction division over the most recent 3 years or the gross profit margin for the construction industry for the most recent period as announced by the Ministry of Finance, whichever is lower.
 - (2) Completed transactions by unrelated parties within the preceding year involving other floors of the same property or neighboring or closely valued parcels of land, where the land area and transaction terms are similar after calculation of reasonable price discrepancies in floor or area land prices in accordance with standard property market sale or leasing practices.
 - B. Where the company acquiring real estate, or obtaining real property right-of-use assets through leasing, from a related party provides evidence that the terms of the transaction are similar to the terms of completed transactions involving neighboring or closely valued parcels of land of a similar size by unrelated parties within the preceding year. Completed transactions involving neighboring or closely valued parcels of land in principle refers to parcels on the same or an adjacent block and within a distance of no more than 500 meters or parcels close in publicly announced current value; transactions involving similarly sized parcels in principle refers to transactions completed by unrelated parties for parcels with a land area of no less than 50 percent of the property in the planned transaction; within the preceding year refers to the year preceding the date of occurrence of the acquisition of the real estate or obtainment of the right-of-use assets thereof.

- 8. Where the company acquires real estate or right-of-use assets thereof from a related party and the results of appraisals conducted in accordance with Article 3 to 7 are uniformly lower than the transaction price, the following steps shall be taken:
 - A. A special reserve shall be set aside in accordance with regulations against the difference between the real estate transaction price and the appraised cost, and may not be distributed or used for capital increase or issuance of bonus shares. Where the company uses the equity method to account for its investment in another company, then the special reserve called for under regulations shall be set aside pro rata in a proportion consistent with the share of public company's equity stake in the other company.
 - B. Supervisors shall comply with Article 218 of the Company Act. Where an audit committee has been established in accordance with regulations, the preceding part of this subparagraph shall apply mutatis mutandis to the independent director members of the audit committee.
 - C. Actions taken pursuant to the preceding two subparagraphs shall be reported to a shareholders meeting, and the details of the transaction shall be disclosed in the annual report and any investment prospectus.
- 9. The company that has set aside a special reserve under the preceding paragraph may not utilize the special reserve until it has recognized a loss on decline in market value of the assets it purchased or leased at a premium, or they have been disposed of, or the leasing contract has been terminated, or adequate compensation has been made, or the status quo ante has been restored, or there is other evidence confirming that there was nothing unreasonable about the transaction, and the FSC has given its consent.
- 10. When the company obtains real estate or right-of-use assets thereof from a related party, it shall also comply with the preceding two paragraphs if there is other evidence indicating that the acquisition was not an arm's length transaction.
