### **Basis of Opinion**

We conducted our audits entrusted by the Company in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the ROC, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The descriptions of the key audit matter of the 2024 parent company only financial statements of the Company are as follows:

#### Authenticity of revenue recognition

Whether the Company's operating revenue from specific customers occur that has a significant impact on the financial statement of the year ended December 31, 2024. It is considering that the revenue recognition inherently carries a higher risk of fraud and the management may be under pressure to achieve expected financial

goals. The authenticity of revenue recognition from specific customers is listed as a key audit item. Please refer to the Parent company only financial statements Note 4(11) for the explanation of revenue recognition policy.

The accountants had performed major auditing procedures to the sales revenue from specific customers, which are as follows:

1. Understand and test the effectiveness of the design and implementation of the internal sales cycle control system.
2. Select samples from the sales details of the above-mentioned specific customers, verify their purchase orders, pro forma invoices, export declarations and other relevant documents to confirm whether the control rights of the goods had been truly transferred and the obligations had been performed, and check whether the sales objects and the payers were consistent to confirm the authenticity of the sales revenue.

### **Management's and Governance's Responsibility for the Individual Financial Statements**

Management's responsibility is to prepare parent company only financial statements in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, and Interpretations and Interpretations issued by the Financial Supervisory Commission, and to maintain such internal control relevant to the preparation of parent company only financial statements as is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management's responsibility also includes assessing the ability of the Company to continue as a going concern, the disclosure of related matters, and the adoption of the going concern basis of accounting, unless management intends to liquidate the Company or cease operations, or there is no practical alternative to liquidation or discontinuation of operations.

The governance unit (Audit Committee) of the Company has the responsibility for overseeing the financial reporting process.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit performed in accordance with auditing standards, we exercise professional judgment and professional skepticism throughout the audit. We are also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. We have obtained sufficient and appropriate auditing evidence of the financial information of the constituted entities of the Company to express our opinions on the parent company only financial statements. We are responsible for the guidance, supervision and execution of the Company's audits and we are responsible for providing auditing opinions with the Company.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the 2024 financial statements and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Independent Auditors' Report

Dear the Board of Directors and Shareholders of De Licacy Industrial Co., Ltd.

### Opinion

We have audited the accompanying financial statements of De Licacy Industrial Co., Ltd and its subsidiaries (the "De Licacy Group"), which comprise the consolidated balance sheets as of December 31, 2024 and 2023, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the De Licacy Group as of December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards ("IFRS"), International Accounting Standards ("IAS"), Interpretations of IFRS ("IFRIC"), and Interpretations of IAS ("SIC") endorsed by the Financial Supervisory Commission ("FSC") of Taiwan, the Republic of China ("ROC").

### Basis of Opinion

We conducted our audits entrusted by the Group in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the De Licacy Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the ROC, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The descriptions of the key audit matter of the 2024 consolidated financial statements of the De Licacy Group are as follows:

Authenticity of revenue recognition

Whether the De Licacy Group's operating revenue from specific customers occur that has a significant impact on the financial statement of the year ended December 31, 2024. It is considering that the revenue recognition inherently carries a higher risk of fraud and the management may be under pressure to achieve expected financial goals. The authenticity of revenue recognition from specific customers is listed as a key audit item. Please refer to the Consolidated Financial Report Note 4(14) for the explanation of revenue recognition policy.

The accountants had performed major auditing procedures to the sales revenue from specific customers, which are as follows:

1. Understand and test the effectiveness of the design and implementation of the internal sales cycle control system.
2. Select samples from the sales details of the above-mentioned specific customers, verify their purchase orders, pro forma invoices, export declarations and other relevant documents to confirm whether the control rights of the goods had been truly transferred and the obligations had been performed, and check whether the sales objects and the payers were consistent to confirm the authenticity of the sales revenue.

## **Other Matters**

De Licacy Industrial Co., Ltd. has prepared its individual financial statements for the years ended December 31, 2024 and 2023, and we have issued unqualified audit reports.

## **Management's and Governance's Responsibility for the Consolidated Financial Statements**

Management's responsibility is to prepare consolidated financial statements in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, and Interpretations and Interpretations issued by the Financial Supervisory Commission, and to maintain such internal control relevant to the preparation of consolidated financial statements as is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management's responsibility also includes assessing the ability of the Group to continue as a going concern, the disclosure of related matters, and the adoption of the going concern basis of accounting, unless management intends to liquidate the Group or cease operations, or there is no practical alternative to liquidation or discontinuation of operations.

The governance unit (Audit Committee) of the Group has the responsibility for overseeing the financial reporting process.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement,

whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit performed in accordance with auditing standards, we exercise professional judgment and professional skepticism throughout the audit. We are also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Corporation to cease to continue as a going concern.
5. Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. We have obtained sufficient and appropriate auditing evidence of the financial information of the constituent entities of the Group to express our opinions on the consolidated financial statements. We are responsible for the guidance, supervision and execution of the Group's audits and we are responsible for providing auditing opinions with the Group.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the 2024 financial statements and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.
